- Window scraper*
- Extra set of mittens, socks & wool cap*
- Small sack of kitty litter or sand for traction*

*In winter months

SHELTER-IN-PLACE PLANNING

- Designate a safe room in your home. It should be an interior room where you are able to close and seal all doors, windows and vents.
- Remember to have your emergency supplies handy, including those for children and pets.

EVACUATION PLANNING

- Identify primary and secondary evacuation routes in buildings you frequent (e.g. home, work).
- If you have a car, make sure you always have at least half a tank of gas in case you need to evacuate.
- If you do not have a car, plan how you will leave if you need to evacuate.
- Become familiar with alternate routes and other means of transportation out of your area.
- Remember to take your emergency supply kit with you, and make sure everyone in the home knows where the kit is located.
- Lock the door to your home and leave a note telling others when you left and where you are going.
- Check on elderly neighbors and those with special needs. If you have room and there is time, offer them a ride. You may wish to make arrangements before an emergency.

Dial 5-1-1 or 1-800-288-1047 for road closure information, or visit www.511ia.org.

(i) WALLET CARD INSTRUCTIONS

- Complete the wallet cards using the information from your family emergency plan. Each family member should have a card. (Pages 1 and 2 should be printed back-to-back.)
- 2. Cut around the dotted lines of the cards. Do not cut between each card panel.
- 3. Fold accordian-style, along the designated lines.
- 4. When folded, cut the corners off your card.
- 5. Keep in a wallet, purse, or book bag at all times.
